Luxury Pontoon Boats

MODEL YEAR 2018 L-CLASS

Bill Fenech,
President & Co-Owner

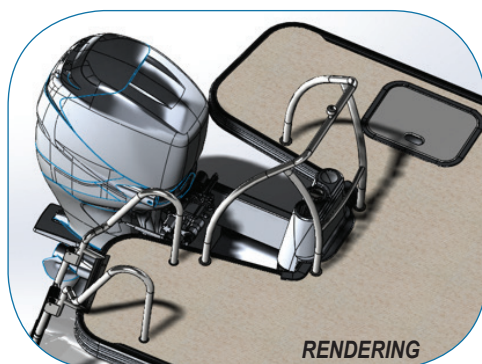

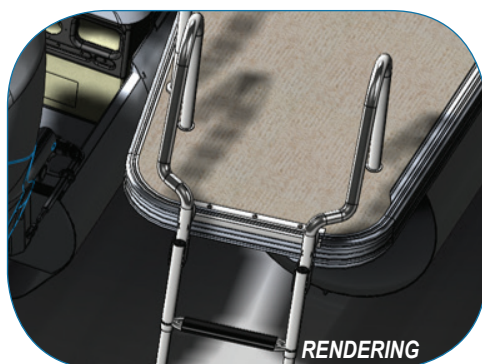

Our focus at Barletta Pontoon Boats will always be on you and how we can make our product and your experience better.

Faced with the decision to either spend money on huge, multi-page catalogs that go obsolete as soon as they are printed, or to spend money where it matters - **on our pontoon boats** - the choice was simple. We chose to invest in our boats. Each and every component of our boats has been a conscious decision with you and your family's on-water experience in mind. Our website will be able to provide you the most accurate and up to date information about our company and our pontoon boats.

We are building pontoon boats that will change the industry...and would be honored to welcome you to the Barletta Pontoon Boat family.

BM FL

A Few Signature Barletta Features...

Top Left : The best helm in its class, bar-none, featuring integrated stow-away pet dishes. **Top Right:** Arguably the strongest underdeck structure in the industry featuring VIP (Vibration Isolation Pad) technology and no exposed wood. **Bottom Left:** Stern Stainless Steel Boarding Ladder. Wider base and wider steps, angled away from the engine for your safety. **Bottom right:** The most functional rear deck in the industry featuring a tube-tow bar, fender storage, and an in-floor "Yeti-Ready" cooler storage compartment.

The Barletta Commitment to You

Customer Focus - From day one, our focus has been on and will remain on you, the customer. In everything we do at Barletta Pontoon Boats, we ask ourselves **"How can I make your experience better?"** In every interaction, you will appreciate our commitment to honesty, integrity, and you, our customer. We strive for nothing less than customers for life.

Experienced Boat-Builders - Over 150 years of RV/Marine experience and a local production team with an excellent reputation for quality craftsmanship. We've sifted through hundreds of resumes and applications to hand-pick the best-of-the-best. We believe you'll see the results in our pontoon boats.

Simple, Yet Refined Products - From the keel up, we have designed our boats with your experience in mind. We've taken advantage of every opportunity to simplify the process of building and purchasing a pontoon boat. Items that **SHOULD** be standard on a pontoon boat, **ARE** standard on a Barletta Pontoon Boat. In fact, Barletta Pontoon Boats have the most standard amenities in the industry.

Quality & Construction - We have selected the best materials, with the best value, and have partnered with the best providers. On top of that, our pontoon boats are backed with a **Limited-Lifetime Structural Warranty** and a **10 YEAR (5+5) Bow to Stern** warranty.

Raising the Quality Bar - During the production process, Barletta Pontoon Boats must pass through a series of quality control "toll-gates." Each and every team member takes personal pride in the product we are building. Once the boat has cleared production, before it is cleared for shipping, Barletta Pontoon Boats are sent to an independent **White Glove Pre-Delivery Inspection (PDI)** department. Our White Glove team will fully **RE-INSPECT** every inch of our boat for aesthetic and functional imperfections. Only until our boat passes **EVERY** quality check, will it then be released for shipping to the dealer, and eventually to you. **No one in the marine industry does this!**

The Best Dealers in the Industry - We commit to partnering with only the best dealers in the industry - dealers who will meet or exceed not only our expectations of customer service, but your expectations as well.

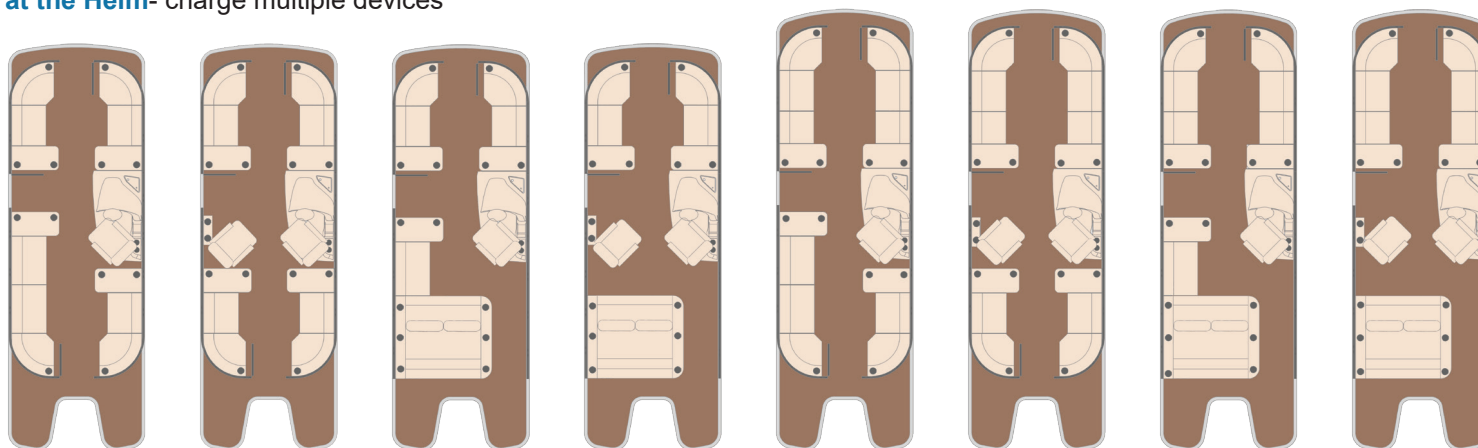

Unequaled Customer Service - Let's be honest - "stuff" happens. As you know, sometimes it's not the "stuff" that we are measured on, but how we react. We will work hand-in-hand with you and your dealer to do everything in our power to ensure you and your family never miss time on the water due to a parts or warranty issue. In addition, we are developing a **Customer Resource Center** to help you with those minor issues that might pop-up while enjoying your Barletta Pontoon Boat.

How Can We Make Your Experience *Better?*

Introducing the Barletta Pontoon Boat Luxury Class...What You Need to Know

- **26" Pontoon Tubes with Extruded Splash Fins and Solid Keel Strips** - Standard. More flotation, more capacity...keeping you high and dry.
 - **Two-Stage Lifting Strakes** - designed to enhance performance and be environmentally safe with the capability to flush invasive species.
 - **Heavy Duty Combination Crossmembers with VIP (Vibration Isolation Pad) Technology** - arguably the strongest underdeck structure in the industry. The ultimate in safety, security, and a smooth ride for you and your family.
 - **Extended Motor Pod** - we've pushed the engine further back on the boat to feed more clean water to the engine, increasing efficiency and performance, while at the same time improving your ride.
 - **Woven Marine Decking** - breathtakingly beautiful and extremely durable. Soft to the touch, yet resistant to the harshest of marine environments.
 - **Luxurious Furniture** - The most comfortable furniture in the industry featuring Ultra-Soft Dolce Outdoor marine vinyl - it's like your living room on the water. Choose from six stunning furniture packages.
 - **Ergonomically Designed Raised Helm** - The best helm in it's class, bar-none. Stylish, comfortable, and designed to accommodate the latest in boating technology, our helm features a premium Hertz stereo system, a large, functional integrated glove compartment, a cubby-hole for your phone to charge and keep it out of the sun, an oversized captain's chair, ton's of leg-room to stretch out, and stow-away food/water dishes for your pet.
 - **USB Ports in Every Bench and at the Helm**- charge multiple devices simultaneously!
 - **"Yeti-Ready" Cupholders Everywhere!** - the largest and deepest cupholders around. Designed to securely hold the Yeti 20 and 30 oz tumblers. No more spills or lost drinks!
 - **Extended Rear Deck** - The largest and most functional extended rear deck in the industry. More space outside of the gate for lounging, swimming, sunning...or whatever your pleasure. And, with the larger rear deck, there's more room for safely enjoying the water away from the engine and prop. Some of the other features of our rear deck include:
 - **Tube-Tow Watersports Bar** - YES, it's rated for tubing! Also offers easily-accessible fender storage, and protection from the motor and motor pan.
 - **EZ Fill Fuel Station** - centrally located, secure, and protected. Fill-up from either side via hose or gas can. No more hanging over the rails of your boat which is uncomfortable and unsafe. Also features two more "Yeti-Ready" drink holders.
 - **Port Tube Cooler Storage** - Accessible from the deck, or in the water, a perfectly placed storage compartment designed for the Yeti Hopper Flip 18 soft cooler.
 - **EZ Entry Stainless Steel Stern Ladder** - Wider base, wide steps, ergonomically correct, and angled away from the engine and prop, so you can enter and exit the water comfortably and safely.
- 

All specifications listed in this chart **ESTIMATES and are based on the latest product information available at the time of printing (January 2018). Specifications are subject to change without notice, at any time.**
